My 8 year old was given this book for Valentine's Day and he and his 5 year old brother are still reading and re-reading the jokes and rolling with laughter! It was difficult to find a valentine's themed book for this age group. Although it is only paperback I am very happy with the purchase plus it is the perfect size to fit in a backpack so he can share the jokes with friends at school too! We all say "Olive You!" now...

Who's there? Ever. Every who? Everyone will love this book! What fun. Very cute knock-knocks with a valentine theme. I'm sure children will enjoy sharing with you and with everyone they meet! Good one-on-one time and repeated readings will allow even the youngest of "readers" to anticipate and supply the answers.

This is a cute little valentine book. We bought it before V-day because we like to read seasonal books and also because my 3 year old had a sudden interest in telling knock knock jokes. We have three knock knock jokes and this is one of our faves. Great jokes even make mom and dad, and grandma and grandpa laugh, and the lift the flaps make it even more fun for her to look at on her own. Often requested at bedtime and still asking for it long after we have packed it up until next year's holiday. Very highly recommended and I think it will work for a long age range.
