

Climate Action, Natalia Marshall, UNEP/Earthprint, 2007, 0955440858, 9780955440854, 292 pages. Climate Action is an international communication platform established by Sustainable Development International in partnership with the United Nations Environment Program (UNEP) to educate businesses, governments and NGOs as to what they can do to reduce their carbon footprint and adapt to the impacts of climate change. Further, the high-profile publication and supporting website will assist institutional investors in analyzing and comparing companies that are responding to the business risks and opportunities resulting from global warming.--Publisher's description.
