

Early Korea 1: Reconsidering Early Korean History Through Archaeology, , ISSN 1945-7766, , Mark Edward Byington, Early Korea Project, Korea Institute, Harvard University, 2008, 0979580013, 9780979580017, 239 pages. Early Korea is dedicated to developing the fields of early Korean history and archaeology in the English language. The present volume consists of six scholarly works by specialists active in these fields. Three studies focus on the topic of recent advances in historical archaeology on the Korean peninsula and adjacent regions and how this is changing the ways historians understand the history of the earliest states on the peninsula. Another study surveys the origins and development of ceramic traditions in Korea based on recently recovered archaeological data. Finally, two studies discuss the practice of heritage management in Korea, focusing on rescue archaeology and heritage protection. Book jacket..
