Dr. Allen has more than 25 yearsâ€™ experience working with children, adolescents, and adults who stutter, and was among the initial cadre of speech-language pathologists to be recognized as a fluency specialist by ASHAâ€™s Special Commission on Fluency Disorders. His own experience as

a person who stutters fuels his commitment to help those who struggle with this challenging problem.

He is an adjunct faculty member of Northwestern University's Department of Communication Sciences and Disorders (CSD) and has also taught in the CSD department at Rush University's College of Health Sciences in Chicago. He is a member of the Illinois Speech-Language-Hearing Association, the American Speech-Language-Hearing Association and its Special Interest Group in Fluency and Fluency Disorders, and the National Stuttering Association, for which he has co-facilitated local self-help meeting for teenagers who stutter.

Speak Freely provides practical and effective clinical tools for working with school-age stutterers. This new resource offers comprehensive therapeutic procedures that help students, ages 7-18, manage their stuttering and increase speech fluency. Its Therapist Handbook provides rationales and explicit, step-by-step instructions for teaching stuttering modification and fluency-enhancing strategies. An Instructional DVD includes more than 60 video clips which model instruction and implementation of these strategies. Two Audio CDs provide spoken models which demonstrate these skills and their associated practice materials. Recordings directly parallel, and can be used hand-in-hand with, the Student Workbook. This workbook presents age-appropriate rationales and instructions for each of the stuttering modification and fluency-enhancing strategies. Speak Freely's accessible, straight-forward instruction presents these well-established practices in an explicit, integrated, and user-friendly format. The Complete Speak Freely materials include a Therapist Handbook, Instructional DVD, Audio CD Disc 1 and 2, and a Student Workbook. Author: Mark Allen, PhD Development Category: Speech / Fluency.
