Teaching and Assessing Intercultural Communicative Competence , Michael Byram, Jan 1, 1997, Education, 124 pages. Byram aims to define precisely what competencies are required in foreign and second language learning, how these can be included in teachers' objectives and methods, and how ....

Teaching Culture The Long Revolution in Cultural Studies, Nannette Aldred, Martin H. Ryle, 1999, Culture, 182 pages. This book contains 12 papers that trace the connections and tensions between the original aims and forms of cultural studies in Great Britain and Northern Ireland and the ....

The Elements of Foreign Language Teaching , Walter Grauberg, 1997, Foreign Language Study, 263 pages. This text presents an integrated description of learning and teaching foreign languages in general, and French and German in particular. Vocabulary, pronunciation, listening ....

TEACHING CULTURE: PERSPECTIVES IN PRACTICE offers multiple viewpoints on the interrelationship between language and culture and how they serve to teach meaning, offer a lens of identity and provide a mechanism for social participation. Authentic classroom experiences engage the reader and offer teachers invaluable support as they expand their ideas about how language and culture work together.

This book does everything a book on teaching culture should do. Whether you agree with the author's analysis of the culture and culture teaching (I do not), you will find the clarity of his presentation and the soundness of reasoning a good example for academic settings. Especially helpful are the many anecdotes from in-service teachers--these are well chosen and serve to exemplify the author's main themes in a way that other in-service teachers can identify with.
