This industry comprises establishments primarily engaged in manufacturing paperboard containers, such as setup paperboard boxes, corrugated boxes, fibre boxes, cans and drums, and sanitary food containers, from purchased paperboard. These establishments use corrugating and cutting machinery to form paperboard into containers.

This industry comprises establishments primarily engaged in manufacturing paper bags, and coated and treated paper and paperboard products, from purchased paper and other flexible film materials. The products produced in this industry may be made from a single layer; or from several layers laminated together. The laminated products may consist entirely of materials other than paper, such as plastic film and aluminum foil.
