It's funny how one person can change the lives others. Jealousy is another evil that holds on 2 a person who wants what someone has, it's like a drug that drives them 2 "crazy". I loved this book, every paged I flipped n the wee hours of the night all up n the A.M reading..I just could not put this book down. All the players played their roles, but there was something about Ree that I just liked so much. He and Tatum, I loved their chemistry...I liked how he approached her from jump, everything about Respect was like WHOA...his demeanor, that swagger, that take charge boss man thug type thing he has, very alluring...I loved it. This novel holds ur attention..it gets ur emotions all in an up roar. It has laughter, tears, love, and pain. Drama filled. 2 have tru friends nowadays is hard...2 cross one of them takes balls mixed with a little crazy.. Neli did not have loyalty 2 no one, she didn't even love herself. Chauncey was being a man..freak shows itself..man says F it!!...Kim had her own

demons and she dealt with them by being wild and out there, but tru 2 her friends....Sasah and Tutum tru friends...Chris a wimp, and hater all day long, he dealt his own cards by not thinking 4 himself and fallin 4 the okie doke.

Meet four friends with diverse lifestyles, personalities, and goals in life. They accept the good, the bad, and the ugly to stand together against all odds. Kim is the vocal one of the four with her ghetto mentality, yet despite the strength she exudes, she has a weakness for a married man. Neli is the weakest link and her insecurities play a major role as she secretly covets the possession of one of the quartet's most precious possessions. Sasha loves her friends as much as the love of her life, Chauncey, who seems to love the drug game more than her. While Tatum is the authentic diva with looks, luxury, confidence, and style, she's missing the love of a good man.

Thicker Than Water is an energetic read focusing on the relationships between four friends and the many ventures that they dare to encounter. Love, life, romance, jealousy, rivalry, deception, betrayal, and loyalty all flourish as the story line expands. This is my first Takerra Allen read, and I highly commend her on taking an age old plot and portraying it in an impressive and superbly written novel. Ms. Allen incorporates suspense and a tad of mystery to make this an even more pleasurable and intriguing tale. With better editing to correct the numerous errors, both spelling and grammatical, I have high hopes for the conclusion of this story line and anxiously await the sequel! Kudos Takerra...Kudos!

The green eyed monster is a mutha. Four beautiful young women want nothing more than to live their lives with someone they love and be happy. All seems to go well until one decides to use a mistake made at a drunken bachelor to get the man of her suppose to be best friend instead of finding a man of her own...

I read this book in 3 nights. I could not wait for my son to go to bed so I could nestle on the couch with this book. It just keeps you wanting more and more, I was disappointed when it ended because I wanted to keep the story going. The writer had me right where she wanted. The story line and characters are realistic and you can actually imagine it really happening in Newark. I hope there is a part two. Damn...Ree is fiiiiiiiiinnnnnnnnneeeeeeeeeeeeeeeeeee...LOL

But of the tree of evil...thou shalt not eat of it: for in the day that thou eatest thereof, thou shalt surely die... In TTW, love was lost.... In STTW, love was found. And in TTW3, the last installment to the enthralling Thicker than Water series, we will find out if love...can survive! They're back again, the ones who started it all - Tatum, Sasha, Chauncey, and Ree. But this time, there's a snake in the garden... and her name is Jayde Dupree! She's after one thing, and one thing only...R-E-S-P-E-C-T. And she'll go to just about any lengths to get what she desires. Satan is the master at posing himself as another and tempting with not his full identity exposed, and Jayde has perfected that skill. Havoc is her symphony and she is the orchestrator as she digs deep into her garden of evil and picks only the ripest of fruit of temptation and destruction, making the previous villains appear as amateurs. So many secrets bubble to the top, so much loyalty is put to the test, the cast of Thicker than Water is pushed to their very limits and each tried in ways they would have never imagined. Join the world on the emotional, eventful, and shocking conclusion to one of Urban Fiction's newest and most raved trilogies as we bid farewell to the series the right way...with a BANG!

Thicker Than Water is very entertaining and will have you on the edge of your seat. The drama was unbelievable and kept me glued to the very end. I was really excited when I read one of the characters with the same name as mine. The ending left me hanging and wanting more, but at the same time thrilled that there will be a part II. Ms. Allen has definitely got the literary game on lock. --Reviewed by Tange...OOSA Online Book Club O.O.S.A. Gets It Read! --OOSA Online Book Club

I was one of the contest winners for "Thicker Than Water 3", and I was waiting for 2 weeks to keep everything to myself! When I say this book is more than a 5 Star read, I MEAN IT!!! All of the questions we had at the end of Part 2 was answered in Part 3 plus more. The characters that you love and hate are back and will take you on a ride that you'll never forget.

I fell in LUV with these characters from the 1st book, I watch them grow, I watch them cry, argue and do everything that us people and real life do. Takerra Allen painted a picture like no other and I'm looking for many books from her. She is MY NEW FAVORITE AUTHOR! And she's proved that she'll stay there for a long time to come. Ms. Sexy keep up the good work!!!

What a way to go out! TTW3 is the perfect ending to the best trilogy ever! My hearts go out to those of you still waiting on Kindle to drop the book! Amazon is truly dropping the ball right now! The company is doing such a disservice to Ms. Allen and her loyal readers who are hungry for this book! I won't give any spoilers, but prepare yourself for any and everything! Don't try to figure out what will happen because you can't! TTW3 shows just how thick...or thin...the bonds of family, relationships and friendships can be... TTW3 is explosive! \*You've been warned\*

This last installment of the series definitely goes out with a bang, there were sooo many "wow" moments where I was like "did that really just happen?". I don't want to give anything away but some of the characters will shock you with their actions and have you wondering was it really real from the beginning. I loved how she put some of her other characters from her other books in this one. Definitely a 5 star read can't wait for future projects. Takerra this can't be the last! I need some closure for Sasha and Chauncey.

Ms. Allen came out the gate swinging with the TTW 1...she landed quite a few hard punches with TTW 2...with TTW 3 she landed the knock out punch. The talent this young lady has keeps growing with every book that she writes. This trilogy just kept getting better and better with each book. The characters are consistent from the very first book. The story line twists and turns but doesn't waiver or weaken.

Wow! You talk about coming out of the box with a bang. Well Ms. Allen did just that. She is an OUTSTANDING writer. So many twists and turns (that had my mouth hanging open) in this book until I stayed up all night and read this book in one day and then starting going back through it again the next day. Ree is definitely the man and you get to know alot more about the man in this book. There were such strong characters in this series until I hated to see it end. Folks, all I have to say is get the book as soon as you can. You will not be disappointed. I hope this is not the last we will see of Ree and Tatum.

Takerra and her business partner of Heaven Inc., have launched Angelic Script Publishing to give new edgy writers a chance to demonstrate their talent and to give readers and lovers of Contemporary Fiction, new and exciting books to fall in love with. Writing continues to be Takerra's first love however, and her work has been appraised by many veteran African-American writers.

Ok Im about to be convinced that Takerra Allen cannot write a bad book. The Betrayal and the secrets, the lies just keep on rolling. Just when you think that the knots cannot be tied any tighter,

Poor Sasha just does not even recognize the level of hate she is experiencing, so one wants to destroy her so bad they are willing to go after her child but they sadly underestimate the love that Chauncey still has for his former boo. Tatum still reeling from the death of her brother, is forced to raise his children alone! But how alone is she really?? Neli has made a comeback trying to right all the treacherous wrong she has done, but will it be too late? Then let's not forget Jayde a new version of the green-eyed monster who is willing to go to any lengths to get what she wants including those she has found to be expendable!! Oh and just when you thought Respect was long gone..... yep he's back, but he has trouble on his hands as well. Can I give this book 10 stars, loved it!! It's packed with action, drama, lies, betrayal and just low down funky dirtiness. (less)

Still Thicker Than Water by Takerra Allen is the highly anticipated sequel to Thicker Than Water. Last time we saw Tatum she was mourning the loss of her brother and raising his two daughters on her own and missing the love of her life, Respect. This time she is wondering what if. What if she would have left when he fled the states? Should she, could she go after him and try to find him now? What will/could happen if she does?

Sasha is now married to Mike, a doctor, who practically worships the ground Sasha walks on. Unfortunately, Sasha still has feelings for Chauncey, although he is locked behind bars. Little does Sasha know Chauncey is about to get out and when he does he is coming to reclaim his family. The question is what will Sasha do? Not to mention has Chauncey changed? What does he plan to do with his life once he is released? Will he go back to his old ways?

Still Thicker Than Water by Takerra Allen was a fast-paced, rollercoaster of a ride, drama-filled novel. It was a very good read! My only complaint is that there were a few things that just seemed a little too convenient and slightly unbelievable. All-in-all, Ms. Allen does an excellent job in keeping the reader engrossed from the very first page. I definitely recommend both books to readers of urban fiction!

I loved this book...I would definitely have to mark this one as a favorite....This book was very well written...Takerra did an awesome job with the plots and twist in this book....I can't think of anything I would change besides the E situation....I was a little shocked at Neli's revelation...I new from the beginning Jade was gonna be a trip...I loved the way the story played out with Mike, Chauncey and Sasha...Honestly Mike bored me anyway...but he played the part...I look forward to the drama...more I loved this book...I would definitely have to mark this one as a favorite....This book was very well written...Takerra did an awesome job with the plots and twist in this book....I can't think of anything I would change besides the E situation....I was a little shocked at Neli's revelation...I new from the beginning Jade was gonna be a trip...I loved the way the story played out with Mike, Chauncey and Sasha...Honestly Mike bored me anyway...but he played the part...I look forward to the drama in this next book with Tatum, Ree,Trinity and Jade...This should be interesting...(less)

Still Thicker than water picks up right where Part one left off.About two years have passed and the crew finds themselves trying to pick up the pieces.We are reunited with old characters as well as introduced to a few new faces. This book is full of drama and some surprises. I literally wanted to jump in and tell a few characters off at times and that to me, made it even better! I can't wait to see what the last and final installment holds! This series was my first by Takerra Allen, I can't wait to

read more from her soon. (less)

The follow up to TTW was actually not what I expected it was more that what I expected. Very different and very entertaining story line. I hated when I had to put the book down to take care of a few things. This is definitely a page turner, two thumbs up and five stars from me. Can't wait to read part 3 so I can see what happens with Ree, Tatum and Jayde!!!

Another drama filled book that kept me on the edge of my seat. Just when you think things can't get worse, all hell breaks loose. Never a dull moment. Sasha and Tatum are still trying to get over losses of family and friends but new and old enemies will stop at nothing for revenge. There were shocking moments that I didn't see coming and hilarious chest- thumping moments between Chauncey and Mike that had me near tears laughing. I can't wait for the last book in this series.

Takerra Allen is a wonderful writer. . Love the characters in all the stories like I said in the Thicker Than Water review that I posted I read Thicker Than Water & Still Thicker Than Water in just a matter of days, thats how good it was can't wait to find out what happens next ordering the last book to the Thicker Than Water series now & Heavens Hell
