Kiki Ward was hired as a flight attendant for American Airlines in 1986. She has been based at Dallas/Fort Worth, Chicago and Honolulu. Kiki has worked both as an international flight attendant flying to destinations within Europe, Australia and New Zealand as well as a domestic flight attendant serving destinations around North America, Canada and Mexico. Kiki is a recipient of The Professional Flight Attendant Award and has represented American Airlines at numerous charity and celebrity events, spoken at career day events as well as been invited to appear as a featured author at aviation seminars. Kiki has also appeared in major U.S. publications including Fortune magazine, Cosmopolitan magazine and major airline in-house publications. --This text refers to an out of print or unavailable edition of this title.

As an airline recruiter/interviewer for a major airline I have seen and heard about "The Essential Guide To Becoming A Flight Attendant" for for some time now. I checked it out personally recently and it is right on target. Anyone who reads and follows the information in this guide should have no problem being hired as an airline flight attendant. The questions Ms. Ward reveals in the guide are the exact ones I ask each day while interviewing flight attendant applicants and the tips on interview etiquette are right on. I wish all applicants were as prepared as those who have read this incredible
As someone who is just starting the rather grueling process of trying to become a flight attendant, I can attest to the accuracy and helpfulness of Ms. Ward's manual. Her wealth of experience comes shining through, page after page. After attending two interviews for major airlines, I found that all of what I had learned from The Essential Guide to Becoming a Flight Attendant was, indeed, essential! It helped me immeasurably - in fact, I was invited to a second interview with both carriers! Anyone serious about becoming a flight attendant in today's competitive market will appreciate Ms. Ward's insights--especially her sample (and very accurate) interview questions and tips on what to expect and how to plan for your interview. Ms. Ward is also available for follow-up advice by e-mail and she has been unfailingly helpful throughout my own interview process. I highly recommend the manual to anyone else in my position.

Ms. Ward goes into colorful detail and unveils the mysteries and myths of the position of the professional flight attendant. To the general public and novice individuals, a flight attendant position seems to be the "golden job"; in many ways it is. However, many do not realize the rigor of getting the position in the first place, what training is really all about, and the lifestyle you can expect once you become qualified to fly. The Essential Guide To Becoming A Flight Attendant is truly a must have for anyone who is curious or intends to pursue this as a career field. As a current flight attendant for a regional carrier, I thought that I had the experience from previous successful interviews with my current employer. However, this book caught my eye, and I am happy to have ordered it. It gave specific details that really helped my presentation in my second interview. Since the interview process for flight attendants is so different from every other job in the current job market, how you present yourself is very crucial. With this book, you can confidently walk in to any open house or one on one interview with a feeling of being very well prepared.....because you will be! I am happy to disclose that I have accepted a position with American Airlines, and have seen other successful testimonials as a result of the book's help as well. I also found Kiki Ward to be extremely supportive personally. She truly is interested in her book's impact on her clientele's success. You won't find that with many other authours!

I ordered this book just two weeks before my interview. The book arrived in two days and I read it. I read it again, and again. I studied the questions, practiced my answers, dressed how I was supposed to dress, walked how I was supposed to walk. This book worked, and I was offered a job as a flight attendant with a major airline on the spot. I start training next month and cannot wait. This book is what you need to have the upper edge over the other applicants- I was skeptical- but after being hired to the most sought after position in the aviation industry- I am a believer.

I gave the guide to myself for Christmas last year and set my mind to being hired at an airline in 2002. I am so glad I bought the guide and educated myself before I ever applied. I was so prepared at my interview session and it was obvious that others were not. There was a not a question asked that wasn't in this book. The funniest thing is that my interviewer caught a glimpse of the book in my bag and recognized it right away. She praised me for preparing for the interview and guess what.... I start flight attendant training next month! This guide was exactly what I needed to completely inform myself about the flight attendant life, totally prepare for my interviews and finally get the job of my dreams!

I had less than 5 days to prepare for my interview with one of the major U.S. airlines. This was going to be my first interview with the first airline I applied for. I was so nervous, I couldn't sleep for days!! I ordered Kiki's book, along with Tim Kirkwood's Flight Attendant Job Finder & Career Guide and had it rush delivered to my house... and Thank God I did!!! It gave me all the information I needed for the interview, gave me knowledge of the industry and the nature of the profession, and gave me life-saving tips on how to shine at the interview, as well as what the recruiters were looking for. On the day of the interview, I even felt like I had a competitive edge over the other candidates who were less prepared. I was very satisfied with the results!! Needless to say... I got through the first interview, second interview, and was hired immediately after finishing the panel interview!! Thanks to Kiki I will be going to Flight Attendant Training in a month, and I'm so excited and look forward to making my lifelong dream come true, which I know will change my life forever. I owe many thanks to
Kiki for writing this book!! And if you're considering a career as a Flight Attendant... PLEASE get this book and be as prepared as possible before your interview. It will be worth every minute of your time, and every penny you put into it. Good luck to all!!!

"Greetings Kiki! Two airline offers for me, American Airlines and USAirways! Can you believe this? I thought my problem would be getting picked, not deciding where to go! LOL Your information is the secret, you are an amazing person for sharing it with all of us and I just wanna scream it out to everyone who wants to be where I am! I am profoundly thankful." Maria

"Just wanted to say a quick thank you. I have now got two cabin crew jobs thanks to your superb book. My first airline job has been with EasyJet and I am going to start my dream job with British Airways long haul at Heathrow next month. Your book has been very helpful and informative. I lent my book to my friend and she got straight in with Emirates. Thanks once again" Alan

"Your guide changed my life! I have been hired at Southwest Airlines. I have encouraged everyone at my interview to get your guide, plus everyone else I meet. I simply would not be here without your guide and helpful emails. You are a real blessing to us all. What people probably do not know is that you genuinely care about your customers, and it shows, plus your information is word for word what happened in the interview! -Nancy, AR

"Your book and Alaska Airlines overview are right on! Your information was exactly what they asked in the interview. The question and answer portion of your book really provided a solid base where I could match my own experiences to the answers and be ready for the interview which was an intense process. All prospective applicants need to read your book and PREPARE, PREPARE, PREPARE! I do not know how to ever thank you." Ben

I have enjoyed a long and exciting career as a flight attendant for American Airlines, a career full of unlimited opportunities and a privileged lifestyle, getting paid to travel! Now, you too can have access to the inside information that has successfully secured flight attendant careers for thousands of my readers!

I was hired as a Flight Attendant by American Airlines in 1986. My bases have included: Dallas/ Ft. Worth, Chicago, and Honolulu, Hawaii. I have flown as a domestic Flight Attendant to destinations all over the United States, Canada, and Mexico. I have also worked as an international Flight Attendant to destinations including Australia, New Zealand, and Europe.

During my career I’ve been awarded the "Professional Flight Attendant Award", selected to work aboard professional sports team charters for the Dallas Cowboys and the Texas Rangers and have represented American Airlines at celebrity and charity events all over the world. I am also part of a team of AA Flight Attendants that model the complete history of AA Flight Attendant uniforms at corporate events and fundraisers.

I have served as a flight attendant consultant on motion picture and television productions and have participated in numerous flight attendant focus and design groups for airlines worldwide as well as appearing at aviation "Career Day" events. I have also appeared in major magazines, including Fortune and Cosmopolitan, newspapers including USA Today and many airline publications as well as serving as a flight attendant career mentor and developing interview curriculum for many airlines.

Since our inception in 1997, we have helped thousands leave a less than exciting work life for an office with a view and allowed others to simply fulfill a life long dream. We are the best selling flight attendant hiring guide available and we are trusted and recognized by airlines as THE source on the flight attendant career.

My readers are success stories, and I look forward to helping you achieve your dream of becoming a flight attendant!

"Kiki is a true Flight Attendant with the wit, intelligence and personality to have risen to the top at American Airlines. She has also written what is by all standards the best flight attendant hiring guide in the world. She has had readers hired at every airline worldwide and continues to bring applicants together with airlines at an astonishing success rate. Airlines look to her to send in applicants who after reading her book are prepared and ready to interview for what continues to be one of the most prestigious careers in aviation."

Kiki: Thank you. We are the best selling, most trusted and recognized flight attendant career guide available, both at our own website and at amazon.com. We work very hard to provide the very best customer service and the very best products all at an affordable price. I am a small town girl with a love of people and travel, that is what attracted me to the flight attendant career. Believe me, I really thought it was an impossibility, but I was hired at American Airlines and once I was hired, it seemed the whole world opened up, and there were just unlimited opportunities. It was always my goal to somehow share my own success with others. I have always answered questions while working about how to get hired, so I decided to simply write a great resource so everyone could share in this dream. With the input and cooperation of airlines and airline recruiters, it has evolved into the best selling, most trusted flight attendant hiring guide in the world.

Kiki: Thanks! I appreciate the compliment. I was hired many years ago, way back in 1986! So, I have been in the airline world for a long time. I simply started talking with airline representatives and was thrilled when airlines from around the world began submitting information for me to use. It was really incredible, and I think it is what sets my guide apart from anything else out there. It is a genuine
product, we have an ongoing dialogue with airlines, and we stay on top of the hiring in the industry. Airlines come to us now to be included on our site and in my guide and that is a great achievement.

Kiki: No, it absolutely remains as popular a career choice as ever. There are always references to it in television, movies and print, and just about anyone you talk to has at one time entertained the idea or dreamed of becoming a flight attendant. It is still a prestigious career, and there will always be a high level of interest in it.

Kiki: I do! We answer every single email, because I want my readers to get the right information direct from me. I answer emails throughout the day, everyday, no matter where I might be. My readers matter to me, and their individual success is of the utmost importance to me. Plus, I think it enhances our products to know that we are real, I am here to answer emails and assist people and we are not just some anonymous company, plus I get the benefit of actually getting to know my readers in a way, so it is really wonderful.
