Unless this work book is required for a class you are taking, I wouldn't recommend: it's just tedious. I would recommend the Hartman's text that this workbook accompanies, along with the "Exam Cram" CNA prep book. The "Exam Cram" was the most useful, but the Hartman's had additional need-to-know basics, and the Hartman's text is also a good resource to keep on hand when you are a working CNA.

The book is very good and addresses all Federal and State requirements. Very easy to understand and well written. I will be interested in getting the instructor training manual as soon as it becomes available. I miss having review questions at the end of each chapter. I also miss discussion questions for the students to discuss in class. I like the pictures showing skills being done, as it gives definite guidelines to follow.

The book was very informative. It really gave me the information I need to pass the CNA exam. I had all the information I needed to know before I purchased the item. The teacher told me what book to pay and it was right on. Getting used was also the way to go. The book was in real good shape and it had highlighted the main points I need to know so that was nice. Designed to help students review what they have learned from reading the textbook, the workbook is organized around Learning Objectives, which work like a built-in study guide. Multiple choice, true/false, crosswords, word searches, critical thinking scenarios, and other activities test the student's knowledge of each chapter.

Your guide to teaching from our textbook contains the following elements for every chapter: an overview of teaching strategies; page references for both the textbook and student workbook; teaching outlines for every Learning Objective; a chapter review which may contain case studies, role-playing scenarios, games, discussion questions, and chapter exams. It also has a comprehensive exam that the instructor can modify to suit his or her needs. The exams also are available in a format for downloading into WebCT and Blackboard.
