Log in to your account by clicking here. Once inside, you'll see your current textbook rentals listed along with a yellow box that says "track". Click there to view the tracking number and track your book(s). Note: not all books will have a tracking number, but most do and tracking numbers are loaded into your account as they become available.

Each time you rent textbooks from CampusBookRentals.com, you'll receive a bubble envelope with a prepaid USPS label attached to the outside. When you're done with your books, simply place them inside the return envelope and drop the package off at the nearest USPS drop box or Post Office. Shipping is all prepaid. PLEASE only use this method to return your books, because it will insure they arrive at the correct facility.

You can be confident when you rent textbooks from us, your books will be correct according to your order. We do not carry or ship international editions or reprints. We only ship US edition textbooks, which are the same as your campus bookstore. On occasion, if the only book we have available is a US teacher's edition, and if it is determined to be the same as the student edition page for page and word for word, we may elect to send it, though this is very rare.

It depends on the shipping method you choose. We offer free shipping anywhere in the contiguous US which can take 7-14 business days. If you choose expedited shipping you can expect your order in about a week (5-8 business days). Remember, we offer a 21 day no-hassle money-back guarantee if you drop your class, order the wrong book, or just plain change your mind. You won't even pay for shipping.

Yes, you can. You're only charged the difference between what you already paid to rent the book, and the value of the book at the time you initially rented. This is what makes renting textbooks so cool; it saves you money, while still allowing you to purchase the book if you'd like to. If you decide to keep a book, simply log in to your customer account, choose to purchase your book, and it will walk you through the checkout process.

We will do our best to make returning your book(s) simple and easy. As stated above, we even provide the return package with a prepaid label already attached. If however, books are not returned at the end of the rental period (and after the grace period), as specified in the rental agreement, the renter will be notified via email that their card will be charged for a 15 day extension of their book(s). If the book is not returned by the end of the 15 days the next charge will be for the purchase price of the book, which is: Market Value of Book at time of Rental - (Rental Fee + Extension) = Purchase

Price of Book. We do work very hard to resolve every return discrepancy amicably. We want our customers to be happy and continue to rent textbooks throughout their college careers.

Renting textbooks can save you a lot of money, and is a far superior alternative to buying your books. You can rent your textbooks without the risk of your books becoming devalued by the end of the semester and of course, you can easily rent them online. Over 1 million customers rent textbooks from us at over 5,800 college campuses across the nation. Join the movement, pay less for your college books, and save your hard-earned money.
