With a mission to restore peace and harmony to their village in turmoil, the delightful characters overcome the many challenges they encounter along their noble journey. Through self-discovery, they develop the distinctions necessary to be the best that they can be as they step into leadership and lives of contribution to others. The Magic Lantern teaches us such noble lessons as the power of forgiveness, the meaning of responsibility and commitment, what leadership is really all about, the magic of belief and positive expectation, the value of listening as an art, the secret to mastering one's emotions and actions and much, much more! The Magic Lantern combines the spell binding story telling reminiscent of Tolkien's The Hobbit with the personal development tools of the great masters. Been There Done That answers in clear, specific and often life-changing detail the question, "What exactly does it take to have one achieve the highest levels of extraordinary success in network marketing?" Industry experts agree that Been There Done That is one of the best books available on how to build a successful MLM organization with integrity and velocity.

At Upline Magazine, it is our great privilege and honor to report on what we believe to be the greatest industry in the world and the greatest people in the world, namely Network Marketers. We are constantly on the lookout for new information to share with all of you to help you improve your business and the overall success of our industry. Part of my job as president of Upline Magazine and Network Marketing Lifestyles Magazine is to seek out new tools for distributors, new viewpoints and cutting edge materials that help foster a greater understanding of network marketing and how it truly works. Recently, I had a chance to read Dr. Rubino's new book, "Been There Done That". I became quite excited as I devoured every page with gusto.

Dr. Joe's book is an outstanding training manual which sets forth in clear detail all of the necessary elements to build a successful network marketing business. Dr. Joe does an outstanding job of

setting forth the proper way of designing a game plan for success. He walks us all through the process of designing specific targets and goals which insure a maximum return on time invested in our business. "Been There , Done That" goes far beyond a training manual. The book acts as a personal development course on vision, listening and self-motivation in an easy understandable format that is not only informative, but also extremely pleasant to read. making difficult concepts accessible to all of us.

Dr. Joe Rubino's book "...BEEN THERE DONE THAT" really shows that he HAS been there, done that! He is believable, and you can quickly see that his success comes from a "hands on experience". INTEGRITY, TESTED AND PROVEN KNOWLEDGE, SOLID and above all HONEST business practices and methods spill from every page. This simple, easy reading book is a favorite of mine and is presented to members of my organization who are serious about building a financial empire. It teaches leaders in the industry how to partner in the success of others. A true leader isn't a "Monday morning Quarterback"...Dr. Rubino teaches you how to get IN the game and WIN! Devouring this book taught me how to create my business goals and visions and then to PLAY FULL OUT with successful momentum!

Dr. Rubino shares his fears and dreams about going from a traditional profession to a life of network marketing. He pin points the reason most people working 9 to 5 view network marketers as dreamers and offers a practical solution to ease these people into joining your organization. The book goes on to enumerate and comment upon the various tools needed to prospect. A very useful book and one that doesn't take weeks to read. Wonderful.

This book really opened my eyes at what I was currently doing in my single daily actions. If read with the intention of applying these business building principles, you too will see where the "missings" in your business may lie, work to change them, and can experience the same thing I did...GREAT SUCCESS!

"Been There Done That" is responsible for my network marketing success. It showed me how to correct all the things I was doing wrong and assisted me in creating a personal development plan combined with a specific effective action plan. The listening chapters alone are worth many times the cost of the book. I particularly benefitted from the clear advice on how to "listen through objections" as opposed to answering them. I also purchased Dr. Rubino's tape set "10-Weeks to Network Marketing Success" which is equally awesome and goes way beyond the book. It's like taking a 10 week course with Dr. Rubino. If you want a solid foundation toward success in MLM, buy this book and the tape set as well.

Dr Rubino's 'Been There Done That' clearly and straightforwardly shows you exactly how to do it, too. The way Joe did it is unique and special, as well as mega-successful. Mixed in between laying out how to pick the perfect prospecting approach for you, and winning the numbers game of network marketing, is an approach to the business based 100% on integrity, values, partnership, and creativity. Rubino's way is way honorable. If you do what Joe says to do in prospecting, even the people who say 'NO' will have nothing but warm hearts and satisfied minds about their experience of Network Marketing with you. Joe Rubino has written a book on how to do network marketing the 'right way'. It's clear, concise and features a ton of proven step-by-step do this and do that's. It's got both leading edge technology and old-fashioned relationshiping how-tos. In fact, it's got it all- and it all works. You can not read and reference a better book on how to succeed in this business better than Joe Rubino's ....'Been There Done That'.
